A SEASON TO **GATHER, SHARE & ENJOY**

At Table Charm Direct, we know that a home is built through the everyday moments that bring people together: shared meals, family conversations, celebrations, laughter, care, and the small touches that make life feel special.

That is why we remain passionate about offering products that are practical, trusted, stylish, and designed for real life. Every range in this catalogue has been carefully selected to bring value, quality, and enjoyment into homes across South Africa.

As we step into the heart of winter, this season also reminds us of the importance of warmth, not only in our homes, but in our relationships, our communities, and the opportunities we create for others. Behind every product shared through Table Charm Direct is a Business Builder working hard to support their family, build confidence, and create a better future.

This catalogue is more than a collection of products. It reflects a business built on people, partnership, and purpose.

Whether you are discovering something new, shopping for your family, or finding the perfect gift, we hope these pages inspire you to enjoy life's moments a little more fully.

Thank you for being part of the Table Charm Direct family.

For You. For Life.

God Bless,

Michael Whitehouse
Managing Director

YOUR WINTER SANCTUARY STARTS HERE

Winter is your invitation to slow down and settle in. Surround yourself with the pieces that turn a house into a haven - for every gathering and quiet evening in between.

CLOSE THE DOOR. YOU'RE HOME.

Winter is not a problem to solve. It is an invitation to stop moving for a moment and actually live inside the home you have been building.

Home

You know that exhale. The one that happens the moment you walk through your own front door after a long day. Everything outside stays outside. Inside, it is just yours. Winter makes that feeling sharper, more necessary. And the homes that do it best are not necessarily the biggest or the most expensive. They are the ones where someone made deliberate choices about what goes in them.

No two pieces are the same. That is the whole point.

The **Golden Protea Dinner Plates** are stoneware, and every single piece in the range is hand painted. Not printed. Not stamped. Painted by hand, which means the line thickness shifts slightly from one mug to the next, from one bowl to the next. That variation is not a flaw. It is the signature of something made with real attention, and it is exactly what separates the **Golden Protea** from everything else on a winter table.

The pattern carries the shape of South Africa's national flower. It is proudly ours in a way that goes beyond decoration. Set the table with the **Golden Protea Dinner Plates, Golden Protea Soup and Dessert Bowls, Golden Protea Bread Plates** and the **Golden Protea Mugs** and your Sunday lunch becomes something guests photograph before they even sit down. Pair the range with the new **Golden Cutlery** and the table does the talking for you.

Two new arrivals that change how your kitchen works this winter

The **TC Electrical Urn 30Lt** is new this season and it is made for the way we actually live. One urn, thirty litres, up to two hundred cups of hot water without refilling. Variable temperature control, anti-drip tap, double wall stainless steel. Whether it is a family gathering on a cold Saturday, a church committee meeting or just a household that drinks a lot of tea, this is the piece that keeps everyone warm without anyone having to go back and forth to the kettle all afternoon.

> *Everything outside stays outside. Inside, it is just yours.*

The other new arrival is the **XL Air Fryer 8Lt**. Eight litres of capacity means it cooks for the whole family in one go. Up to 75% less fat, up to 80% less energy than a conventional oven, ten smart programmes on the touch screen. Winter food, the kind that is crispy and hot and satisfying, without the oil and without the electricity bill that usually comes with it. If there is one kitchen upgrade worth making this season, this is it.

Hot food, on your terms, wherever the day takes you

The **3-Piece Teal Food Warmer Set** comes in three sizes, 0.6 litres, 2.2 litres and 5.5 litres, and keeps food hot for six to eight hours when packed correctly. Cook once in the morning, pack it properly, and supper is still warm when everyone finally sits down. It is also the answer to load shedding, to long commutes, to the kind of day where nobody has time to cook twice. Fill it hot, seal it, and let it carry the work.

Your bedroom is doing serious work right now

A cold bed is not just uncomfortable. It is the kind of thing that makes a hard week harder. The **Mia Comforter Set** in cream or grey has the weight and texture of something that costs far more than it does. The **Amara Comforter Set** in **Teal** brings a jewel tone richness that turns a plain bedroom into a room you actually want to be in.

Underneath it all, the **Microfibre Soft Touch Duvet Inner** does the quiet, unglamorous job of keeping you warm through the night.

Build the bed properly this winter. You have earned it.

Everything you need to make this winter feel like home is right here.

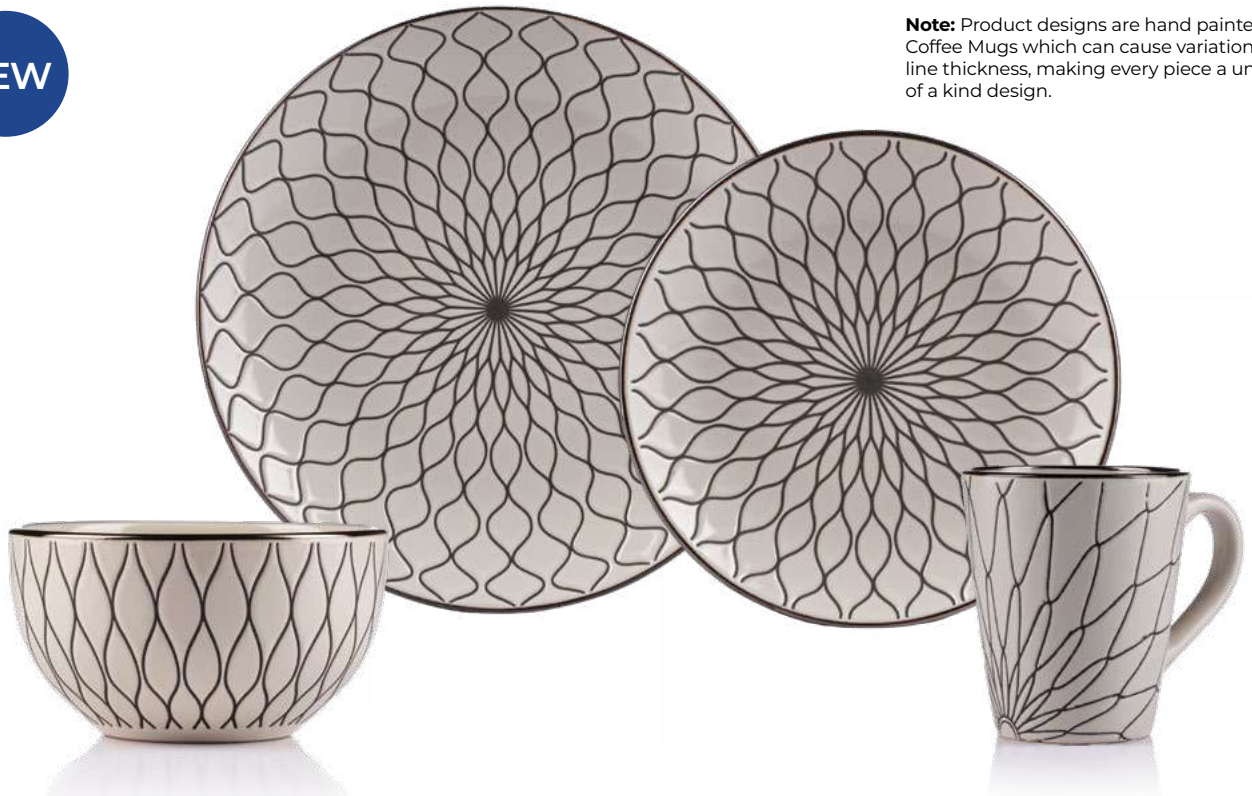

MAKE A STATEMENT WITH **GOLDEN PROTEA**

Winter entertaining just got a whole lot more beautiful with our New Golden Protea Dinnerware stoneware collection that brings proudly South African elegance to every meal.

INSIDE

STEAM **COOK** **GRILL** **BAKE** **FRY**

The Wonder Cooker separates steam from liquids. The holes enable the liquids to drip back into the pan, automatically basting the food continuously and allowing the steam to escape. Because steam escapes, heat reflects back onto the food, thus cooking food simultaneously on both sides, shortening cooking time dramatically and leaving the food juicy and succulent.

- Steam rises and escapes through the holes (O).
- Liquids drip back and baste the food.
- Heat reflects back onto the food.

A CLEAN HOME IS NOT JUST CLEAN. IT'S YOURS.

Nothing beats pulling a freshly washed blanket over you on a cold winter's night. Soft, warm, smelling like something good was done with care. That feeling is not an accident. It is the result of someone who knows what they are doing.

We all take pride in a home that is clean. Not show-home clean. Real clean. The kind where the pine smell hits you at the door. Where the stovetop does not carry last weeks cooking on it. Where the school uniform comes back soft and bright even after the week it had. These things do not happen by accident. They happen because someone in that household has the right tools and uses them properly. That someone is you.

The kitchen takes the most. Give it the right backup.

Winter cooking is heavier. More pots, longer times on the stove, more grease working its way into places you do not want it. The **Mrs Magic Oven and Stove Cleaner** is low fume and cuts through burnt-on food without filling a cold kitchen with chemical smell. Spray it, leave it, wipe it off. For everything else, countertops, cupboard doors, the fridge, the surfaces that hands touch all day, the **Mrs Magic Lemon Multi Surface Cleaner** leaves things clean, residue-free and smelling like a fresh start. That lemon scent in the morning is not decorative. It sets the tone for the whole day. And the **Mrs Magic Lavender Multi Surface Cleaner** does the same job for those who prefer their evenings to smell like calm rather than citrus.

For the dishes, the **Dishwashing Liquid** cuts grease without stripping your hands in cold water. The 750ml bottle handles the daily load. The 5-litre is the one that makes sense when you are running a household properly and you never want to be caught short in the middle of a week.

Floors and tiles: the first thing people see and the last thing cleaned

Winter floors take strain. Mud from the gate, wet shoes at the door, kids who forget every single time. The **Pine Gel** cleans, sanitises and deodorises in one pass on floors, tiles, stovetops and basins. That lift you get when you mop a floor properly and the whole room changes with it? That is the Pine Gel. The 1kg keeps the kitchen and bathroom going. The 5kg is for the household that does things properly and does not want to run out mid-winter. For the tiles, the **Tile Cleaner** has a Rose petal fragrance. The **Lemon All Purpose Disinfectant** kills 99% of known germs, which in winter, when everyone is sharing the same closed air, is not a nice-to-have. It is the standard.

> *Laundry that smells like love is not an accident.*

Laundry that smells like love is not an accident

Think about it. The blanket that comes off the line in winter and goes straight onto the bed. The school jersey that smells clean and feels soft against a child's neck on a cold Monday morning. The towel that is warm and thick and not that slightly damp smell that happens when laundry does not get the full treatment. These things matter. They are felt even when they are never said out loud.

The **Mrs Magic Pre-Wash Stain Remover** handles the cuffs, collars and mystery marks before anything goes into the machine, gentle on fabrics and colours so nothing gets damaged in the process. The **Hand Washing Powder** and **Auto Washing Powder** both clean and help keep colours looking bright in cold water. Both come in 2-litre buckets built for a household that washes properly and often. Stock both and laundry day does not catch you short. The **Laundry Soap** handles the handwashing and doubles in the kitchen for pots and pans. And the **Fabric Softener Morning Breeze** is what makes the difference between clean washing and washing that feels like it was done with love. That softness, that scent, that moment when someone pulls the blanket up and exhales. That is what the full laundry system delivers. Every wash, every week, all winter.

Stock up now. A well-stocked cleaning cupboard is one less thing to worry about all winter long.

STRONG FROM THE INSIDE.

Winter tests the body quietly. The immune system works harder. Joints protest the cold. Energy dips before noon. What you put inside yourself right now determines how the season treats you.

Health

There is a reason grandmothers kept a shelf of tonics and a drawer of dried herbs. They understood, without the language of modern science, that the body responds to what it is given.

Feed it well and it performs. Neglect it and it sends signals you cannot ignore. The TC Direct health and food range runs from the ocean-derived strength of Sea Miracle to the ancestral power of Herbal Blend Concentrate.

The Table Charm catalogue this season is a complete toolkit for a body that needs to be well.

Sea Miracle: The Ocean in Your Corner

Sea Miracle Wellness Booster combines seaweed with herbal oils including peppermint, calendula, avocado, rosemary and lavender to deliver whole-body support across immunity, gut health, respiratory wellness, and heart function.

It is one product doing the work of many. **Sea Miracle Vapour Rub** eases congested winter chests. **Sea Miracle Breathe Easy Crystals** open blocked airways. **Sea Miracle Healing Balm** soothes and restores. The **Sea Miracle Sachet** is the most convenient daily entry point into this exceptional range.

Herbal Blend: Pure Plant Power

TC Herbal Blend Concentrate brings eleven extracts including Cancerbush, Honeybush, Rooibos, Moringa, African Potato, and Devil's Claw into a single 1-litre formulation addressing chronic conditions, immunity, mental clarity, and energy. A daily wellness practice, not a single-problem supplement. **Herbal Balm with CBD Oil** delivers targeted anti-inflammatory relief on joints, muscles and headaches.

Joints, Collagen, and Recovery

Hydrolyzed Collagen Joint Care combines collagen, Turmeric and MSM to support mobility, fight inflammation, and build bone strength. **Joint Support Capsules** deliver Glucosamine, Chondroitin and Bromelain for arthritis and recovery.

> *Your health is your business. Invest in it.*

Wonder RubRub acts fast at the site of pain. **Collagen Creamer** in vanilla or cinnamon and the remarkable **Creatine with Collagen Powder** deliver skin, hair, nail, and mental focus benefits in one daily dose.

Immunity and the Body's Defence

Immuno Boost Max Powder delivers 1000mg Vitamin C with Calcium, D3 and Zinc in a single daily dose. **Cold and Flu NAC200 Effervescent Tablets** target congestion and sore throats fast. **Kids Immune Boost Powde**r and **Kids Chewable Multivitamins** make protection easy for children.

Fourteen **Body Tonic** formulations cover lungs, immunity, muscles, joints, and sustained energy, with the Super Tonic targeting extreme tiredness, low energy, and anxiety.

The Kitchen as Medicine

Nature's Herbal **Cinnamon and Rooibos Porridge** starts the day with antioxidants, plant protein and gut-supporting fibre.

Moringa Powernut Butter and **Moringa Hot Chocolate** bring the nutritional power of the miracle tree into everyday meals without effort or complexity.

Calming Tea, **Immune Support Tea**, **Blood Sugar Control Tea**, **Energy Tea**, and the **Mushroom Coffee Blend** with Ashwagandha and African Potato complete a warming daily beverage range built for exactly this season.

Your health is your business. Invest in it.

Feed it right. The rest follows. All products available from your local TC Representative or online at shop.tcdirect.co.za

WHY SEA MIRACLE STANDS OUT

Sea Miracle is more than a supplement - it's a carefully crafted tonic that blends traditional wisdom with modern science:

Immune Support
Antioxidant-rich seaweed to protect cells, strengthen immunity, and regulate inflammation.

Gut Health
Seaweed nourishes beneficial gut bacteria, while peppermint, calendula, avocado, castor, rosemary, and lavender oils support gut health through their anti-inflammatory and digestive properties.

Respiratory Wellness
Menthol and eucalyptus ease breathing, complemented by the antiviral and antimicrobial properties of seaweed.

Heart & Thyroid Support
Seaweed and avocado oil help maintain healthy cholesterol, blood pressure, and thyroid function.

Skin Vitality
Natural oils like Calendula and Lavender and help moisturise, calm, and revitalise the skin.

Sea Miracle brings the **power of the sea** into your daily routine - a natural, all-in-one approach to feeling relieved, restored, and replenished.

PUT DOWN THE CITRUS.

IT'S OUD SEASON.

Summer is for bright and clean and fresh. Winter asks for something else entirely. Deeper. Warmer. The kind of scent that stays on your skin for hours and colour that looks like it was made for low light.

Beauty

Fragrance behaves differently in cold air. It sits closer to the skin, moves slower, lasts longer. A scent that felt sharp in October becomes heavier, more present in July, the kind that lingers in a coat or a scarf and reminds someone of you long after you have left the room. This is why the seasonal shift matters. Not just what you wear but what you reach for. And right now, what you should be reaching for is warmth.

For Her: The Scents That Were Made for This Season

Warm oriental, amber, oud, vanilla, sandalwood. These are the notes that perform in winter. **Majestic Oud For Her** is built from Eastern spice and warm woods, rich and complex, the fragrance for the woman who does not need to announce herself because the room already knows. **Hypnotic Poison** opens with almond and caraway and dries to vanilla, musk and sandalwood. Forbidden and warm and completely unforgettable. **Truly Charming** wraps Tonka Bean and vanilla into something seductive and soft, the evening scent for the woman who knows exactly the impression she wants to leave. All three wear for up to eight hours, which in July means from the morning commute to long after supper.

For daily wear, **Aura Gold** carries grapefruit and bergamot at the top with amber, patchouli and sandalwood settling underneath. Opulent without being heavy. The kind of fragrance that earns compliments in lifts and queues. Pair it with the matching body lotion and roll-on and the scent builds on the skin rather than sitting on top of it.

For Him: Presence That Carries Across a Cold Room

The man who wears the right scent in winter does not need to say much. **Majestic Oud For Him** is earthy and spiced with a woody depth that reads as authority without effort. **One Million** opens bold with mandarin and peppermint, and dries down to leather, amber and wood. Powerful and charismatic and built for the man who knows what he wants. Both fragrances come as a complete system with body lotion, body spray and roll-on. Wear the system and the scent is layered into the skin, not sitting on it.

> *The season changes. So do you. And that is exactly the point.*

Your Face, Your Palette: The Warm Shift Starts Here

Winter skin wants coverage that works with cold air, not against it. The **Forever Foundation** in Butterscotch, Honey and Brown Sugar is a 24-hour, oil-free, no-transfer formula built for the long day. The **Lightweight Foundation** in Caramel, Burnt Honey and Almond is the hydrating version for skin that needs moisture through the day. Seal either with **Make It Last Setting Spray** and your face holds from morning through the cold afternoon. Add the **Blusher and Highlighter Duo** in Peach Bloom and the warmth comes back into the face the cold keeps trying to flatten.

Deep Lip. Rich Nail. This Is the Winter Colour Story.

Berry Boss. Scarlet Siren. Rich Brown. Smokey Purple. The **Matte Liquid Lipsticks** carry these shades in an eight-hour waterproof formula, no transfer, no drying. The **Flawless Matte Lipsticks** in Mahogany, Black Cherry and Chocolate are the creamy option, full coverage in one swipe with a velvety finish that works with the season.

Take the story all the way to your hands. Royal Purple, Warm Nude, Nutty Nutmeg, Honey Nude. The nail enamel range carries the exact tones the season calls for. Finish any shade with the **Glossy Top Coat** and the colour stays sharp all week.

The season changes. So do you. And that is exactly the point.

Enjoy your new look here.

DRESSED FOR THE SEASON.

Winter is not the time to disappear into your warmest, darkest clothes and wait it out. This is the season that asks you to show up fully, and look every part of it.

There is a particular satisfaction in stepping out on a cold morning and feeling completely put together. Not just warm. Not just covered. Dressed. The kind of dressed that carries you through a full day with your head up and your confidence intact. The TC Direct winter fashion range understands this completely. Every piece has been chosen for the woman who moves through her world with intention, and the man who carries himself with the same steady pride. In the Table Charm catalogue this season, fashion is about having exactly what you need to stand out, stay warm, and feel extraordinary.

The Bag That Carries More Than Your Things

A great bag changes the shape of your day. **The Natasha Collection** is the kind of pieces people notice before they notice anything else. Logo print faux leather, gold-toned hardware, a generous silhouette that moves from errand runs to presentations without missing a beat. For something sleeker, the **Clara Tote** in dusty blue or black is sophisticated simplicity at its finest. The **Tracey Satchel** in cream and tan is the choice for the woman who wants warmth in her winter palette and structured elegance in her hand.

Carry it with the **Reah Ladies Purse** or **Rochelle Ladies Purse** tucked inside and the whole look locks together. For him, the **Larry Men** collection offers a backpack, crossbody, and wallet in a single coordinated range. Clean. Sharp. Built for the man who has things to do and places to be.

Top It Off

Nothing finishes a winter outfit the way a great hat does. The **Amora Fedora** in black or the deep burgundy version is a statement piece that earns its place at the front of the wardrobe. The **Luna Beige Beret** and **Luna Black Beret** bring a softness that works with everything from long coats to casual knitwear. For colder mornings, the **Dean Men's Beanie** and the **Fiona Beige Ladies Beanie** are warm, well-made, and easy to reach for every single day.

> *Fashion is about having exactly what you need...*

Wrapped in Something Beautiful

The **Crimson Haze Wrap** moves from a shoulder cover to a scarf to a prayer shawl depending on the moment. The **Sunstone Wrap** and **Almond Magnolia Wrap** bring pattern and warmth together in generous 65 x 180cm pieces that drape beautifully across any outfit. The **Pearl Blush Wrap** in blush pink is the kind of piece that makes Sunday morning feel like something worth dressing for. Finish the look with the **Peta Scarf** in classic black, or the **Dion Men scarf** for him: understated and genuinely useful.

Time Tells Your Story

A watch is always visible, always read, always noticed. The **Ruby Ladies Watch** arrives in its own black box with a gold TC logo and makes an immediate impression. The **Trinity Ladies Changeable Strap Watch Set** gives three complete looks in one purchase. For him, the **Signature Men** watch speaks in clean, confident lines. Every timepiece carries a battery life of six to twelve months, because reliability matters as much as beauty.

Move in Style

The **Sienna Loafer** in black or rose tan is the winter shoe for the woman who refuses to sacrifice style for comfort. The **Nora Ladies Sneaker** and **Gianna Ladies Sneaker** bring bold energy to the cold-season wardrobe. For him, the **Casper Sneaker** in olive canvas is the street-ready choice that carries equal confidence on a casual day or a creative one. Find everything in this season's fashion edit in the Table Charm catalogue. The full range is available through your TC Business Builder.

The season changes. Your standard does not.

BRIGHTENING

Your skincare routine in winter is not vanity. It is maintenance of the most important asset you carry every day: how you feel in your own skin. The TC Direct personal care range this season is built for real skin, real conditions, and real lives. Every product in the Table Charm catalogue is the daily work of showing up well.

The Glow That Winter Cannot Take

The **Glow Turmeric Range** is the standout story this season. Start with the **Glow Turmeric Face Wash** for a purifying, brightening cleanse.

Follow with the **Glow Turmeric Face Cream**, a triple-action formula that brightens, protects, and repairs.

The **Glow Turmeric Body Cream** blends turmeric and glutathione to restore balance and reveal softer skin. The **Glow Turmeric Tissue Oil** works on dry patches and stretch marks. For those ready to go deeper, the **Radiant Glow L-Glutathione Powder** supports collagen production and skin tone from the inside out.

A Full Face Routine for Serious Skin

The **Moringa Even Tone Range** covers everything: **Moringa Face Wash** purifies without stripping, **Moringa Facial Toner** balances, **Moringa Day Cream** hydrates through the cold hours, and **Moringa Night Treatment Cream** works while you sleep.

The **Moringa Blemish Bomb** targets breakouts without over-drying.

Mature skin finds restoration in the **Rooibos Anti-Ageing Range**. The **Rooibos Day Cream** delivers all-day moisture and UV protection. The **Rooibos Night Cream** activates natural skin renewal. The **Rooibos Eye Cream** works gently on puffiness and fine lines with Jojoba, Vitamin E, and Rooibos.

Roots, Braids, and Beautiful Natural Hair

Winter strips the scalp of what it needs. The TC Direct hair care range,

> *Skin this well cared for is noticed.*

built around African Potato extract, addresses this directly. **African Potato Hair Food Intense** relieves dry, itchy scalp and prevents brittle breakage.

African Potato Hairline Protector fortifies the edges. **African Potato Scalp Soother** cools and soothes on contact. **African Potato Oil Sheen Hair Spray** restores shine and strength for braids and weaves.

For natural hair, the **Zuri Natural Hair Care** range with African Black Soap, coconut oil, and Shea butter is the winter ritual your curls have been waiting for. **Zuri Hair Mayonnaise** strengthens. **Zuri Castor Oil** locks in moisture. **Zuri Hair Growth Spray** promotes thicker, longer growth over time.

For Him

The **Men's X-Treme Range** keeps it simple and effective. **Men's X-Treme 3-in-1 Body Wash** covers body, face, and hair in one step. **Men's X-Treme Body Lotion** absorbs fast without greasiness. **Men's X-Treme Roll-On** delivers all-day freshness. Exactly what he needs.

The Quiet Extras

Deep Moisture Foot Cream and **Exfoliating Foot Scrub** tackle cracked, aching winter feet. **Cocoa Body Cream** and **Avocado Body Cream** give intense moisture without heaviness. **African Potato Cream** nourishes dry skin and eases aching joints.

Skin this well cared for is noticed.

Cold season, warm skin. Every single day.
